UNIVERSITY OF
BRADFORD

UB #		NAME:			
MODULE CODE: CM-0116D		**MODULE TITLE:** SOFTWARE DEVELOPMENT PART 1	**FINAL MARK:**		
PRESENTATION AND STANDARDS	**25**	**0-5**	**6-10**	**11-15**	**16-20**	**21-25**

PRESENTATION AND STANDARDS	**25**	**0-5**	**6-10**	**11-15**	**16-20**	**21-25**
Presentation		Does not adhere to student guidelines	Very little adherence to student guidelines	Some adherence to student guidelines	Mainly adheres to student guidelines	Fully adheres to student guidelines
Spelling & Grammar		Major Deficiencies in spelling/grammar	Many spelling/grammatical errors	Some spelling/grammatical errors	Minimal spelling/grammatical errors	No/Minor spelling/grammatical errors
Professional/ Appropriate Language		Not evident	Minimal/ inconsistent use of	Satisfactory use of	Good use of	Very good use of
Structure/ Organisation		Disorganised, major lapses in structure & organisation	Limited attention to structure & organisation	Organisation & progression evident	Well structured. Logical organisation	Excellent organisation & structure.
Coherence Expression		Incoherent	Vague, over-simplistic expression	Generally coherent. Some lapses in expression	Coherent. Clearly expressed	Expression concise, accurate and well articulated

Comments:

ANALYSIS, INTERPRETATION AND SOLUTION	**75**	**0-14**	**15-29**	**30-44**	**45-59**	**60-75**
Problem analysis and interpretation		None evident	Very limited	Adequate analysis	Detailed analysis	In-depth analysis and discussion of limitations/assumptions if appropriate
Description of solution to problem		None evident	Minimal description	Adequate description of a suitable solution to the problem	Detailed description of problem solution	Comprehensive solution to the problem
Justification of solution		None evident	Minimal justification	Adequste justification of proposed soltuion	Well reasoned justifcation	Comprehensive and well-reasoned justification
Flowchart or pseudocode		Not included	Contains significant errors or does not match solution	Some errors or deficiencies	Minimal errors or deficiencies	Error free and well presented
